At Meetings of the Full  
Central Berkshire Regional School Committee

The Committee welcomes input from the public. Please be aware that an audio and video recording is being made of this meeting. Please do not expect an immediate response from either the school committee or administration. Since it often takes time to properly research questions or concerns, comments from a member of the audience that warrant discussion or a decision by the committee will generally be put on the agenda of the full committee or one of its subcommittees in the future. Our lack of response this evening does not indicate either agreement or disagreement with your statements or lack of attention to your comments. Please adhere to the following guidelines:

1. We have set aside up to 30 minutes for public comments. This will be the only opportunity for the public to comment unless the Chair deems it necessary to call on a member of the audience.
2. Members of the audience who wish to speak must be recognized by the chair. In consideration of everyone's time, please keep comments brief. Lengthy statements may be mailed or emailed to members of the school committee or left with the Chair for distribution. Mail and email addresses of all members are readily available.
3. Address your statements to the chair.
4. Please do not read statements written by others.
5. In consideration of everyone's time, please don't repeat the same thoughts expressed by others at this meeting or that you expressed at a recent meeting.
6. Understand that statements made are public and by making certain statements you may give up your right to private discussions, such as those used during collective bargaining. Also, only a parent may surrender the right to privacy of his/her child.
