**Private Water Line Owners,**

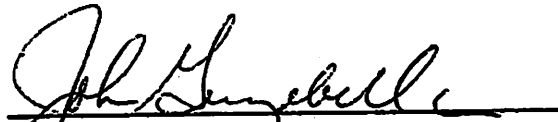

**In the past we have incorrectly used town personnel and town monies to repair some of the private water lines in Hinsdale. This action is no longer appropriate. We will not try to reclaim monies lost to the town for repairing private water lines in the past, however from this point forward, in the eventuality that a break occur in your private water lines, you and the other private line owners will have to maintain and repair your own water lines at your own expense.**

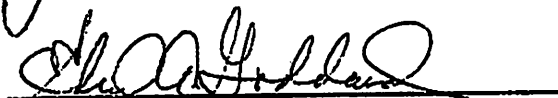

**This applies to four areas with private water lines.**
